## POL ROGER BRUT NV

As we're heading into the festive season and a month of celebrations, champagne is often the wine of choice. There are plenty around at various price and quality levels. While vintage champagnes are often far superior on so many levels - and more expensive - Pol Roger's non-vintage is one of the finest in that category. A stylish champagne from a top producer, it's incredibly fresh and lively with loads of fine bead, definitely on the citrus spectrum, with a hint of toasty brioche complexity and creaminess. It has a fabulous aperitif style and really, who needs an excuse to drink a glass? It's the perfect pick-me-up.
